

Waste Paper Collection Campaign

*Go Green for Healthy
Scene*

Believing that our environment reflects the quality of our life and towards a better future, Oman Medical College is working to enhance the awareness of the environmental benefits among the college community.

In an initiative toward a green thinking, a campaign for waste paper segregation has been started on 4th February 2012 and lasting for 30 days. Such initiative should easily build awareness of the environmental benefits among students, staff & faculty.
